

How to Subscribe to Strasburger's Transportation & Logistics Blog:

If you want to 'follow' our blog, the process is easy. First and foremost, you will need a feed-reader, so "feeds" like our Blog postings will appear in your inbox like e-mails. The newer versions of Outlook have this reader automatically, and Google has a feed-reader available for free here:

Once you have a feed-reader, here are the steps for subscribing to our blog:

1. Visit <http://www.strasburger.com/transportation/blog>
2. On the left-hand side of the page, click on the little orange box that reads RSS (which means "Real Simple Subscription")
3. Click on the 3rd link that reads, "subscribe to this feed"
4. Click "subscribe"
5. Once you subscribe, you will automatically receive Blog updates in your in-box through your feed-reader .

Another way to receive blog and media uploads would be to subscribe to Strasburger's twitter account. You may do so by clicking here: <http://twitter.com/Strasburger>
